EXTERMINATION

## THIS IS NOT JUST ANOTHER BUG HUNT!

It's been years since the Colonial Marines left planet LV-426 and the Alien population behind. It's time to go back to finish off the Alien race...and more!

The world seems familiar, but the scenario is not. Since the Marines' last visit, the Weyland-Yutani Corporation has reprogrammed an army of synthetic humans to stop anything from getting in the way of the development of their deadly Bio Weapons. It's not as simple as just killing the Alien Queen any more...
